Atlanta, GA | (404) 509-6674 | sidkhatiwada1@gmail.com | [linkedin.com/in/siddhant-khatiwada](https://www.linkedin.com/in/siddhant-khatiwada)

FP&A and strategic finance professional with 5+ years of experience across financial analysis, audit, and reporting. Builds driver-based forecasts, DCF/M&A valuations, and executive dashboards for CFO-level decisions, using Python, SQL, and AI/ML to strengthen business analysis.

PROFESSIONAL EXPERIENCE

Georgia State University | Graduate Research Assistant

Jul 2025 – Present

J. Mack Robinson College of Business | Atlanta, GA

- Trained BERT models on 4.2M+ financial posts to classify technical vs. fundamental commentary, achieving 0.88–0.95 F1 scores.
- Built a multi-agent AI tool that automated financial document Q&A, stock analysis, and output checks, improving research efficiency and consistency.

ICICI Bank Limited | Financial Analyst, Financial Reporting & Analysis

Apr 2022 – Jul 2024

India's largest private-sector bank (~\$20B revenue, 100,000+ employees) | Mumbai, India

- Built a rolling 12-month P&L forecast for a \$500M division, adopted as the planning tool across 8 business units.
- Resolved a recurring provision variance in monthly Budget-vs-Actual reporting, closing the gap within one quarter.
- Consolidated 6 recurring reports into one executive dashboard, reducing prep time by 8 hours per cycle.

Doogar & Associates | Associate, Audit & Financial Reporting

Apr 2019 – Apr 2022

Public accounting firm | Delhi, India

- Uncovered a \$3M inventory overvaluation during balance sheet review, leading to a revaluation adjustment.
- Identified \$1.5M in unrecognized receivables from billing gaps, prompting stronger revenue-recognition controls.
- Led a 4-person audit team across real estate and manufacturing clients, flagging a \$350K tax exposure.

FINANCIAL MODELING PROJECTS (2025–2026) | <https://sidkhatiwada1-ca.github.io/>

- Nike/Lululemon M&A Model:** Modeled a hypothetical \$39B acquisition using a 3-statement DCF, identifying 7.6% EPS accretion and 15% valuation upside.
- SaaS Operating Model:** Modeled a 24-month AI startup across 3 growth scenarios, identifying Series A readiness between Month 11 and Month 23.
- Budget & Variance Dashboard:** Built a bottom-up budget and Power BI dashboard, identifying a product line 12% below plan.

LEADERSHIP

Finance Growth Network, Georgia State University | President & Founder

Jul 2026 – Present

- Founded and lead a student finance organization focused on market-based learning, professional networking, and practical finance exposure.
